

Guaranteed quality

Our brush rollers are individually calculated and designed to meet customer specific requirements. With our unique brush system, you will achieve a streak-free, absolutely uniform brushing result. The fully electronic dynamic balancing technology guarantees smooth running of the production machines and makes a substantial contribution to low maintenance operation. Unlike conventional processes, where the bristles are set in the carrier in tufts or in hairpin form, our products offer a high degree of precision and long service.

Specialized, qualified staff and a whole decade of experience guarantee quality which is certified in accordance with {tooltip}

{end-tooltip}.
